BRAZIL

## ABOUT ME

I was born in Fort Lauderdale, Florida (06/24/2001) and raised in Brazil, which allowed me to obtain dual citizenship.

I currently work as a back-end developer at Nelogica and recently graduated with a degree in Computer Science. I am deeply passionate about topics such as software engineering, microservices, domain-driven design, and more.

## LANGUAGES

❖ Portuguese - Native
❖ English - Advanced
